

RAMPMASTER

CHAMPION OF EXCELLENCE

3,000 GALLON RAMPMASTER MODULAR JET REFUELER

3

The ideal truck for quick-turn airline feeder and FBO operations.

MODULAR DESIGN

■ Only Rampmaster exclusively offers MODULARITY, pioneered and truly proven. "On airport exchange" of power vehicle, tank, or pump module keeps Rampmasters pumping and eliminates re-plumbing costs during overhaul.

CONVENTIONAL CAB DIESEL

■ Good visibility and abundant interior room with seating for three occupants. Our heavy duty diesel and Allison automatic transmission combination, provides unequaled durability in actual service.

PUMP MODULE

■ Constructed out of aluminum and stainless steel. No paint is needed which lowers maintenance costs.

TANK

■ Heavy duty aluminum tank detaches in minutes via forklift chutes.

FILTER

■ Three-inch, 300 GPM filter monitor, differential pressure gauge and air eliminator.

SUPPORT

■ Field mechanics are located strategically to provide assistance as needed. Factory personnel place vehicles into service for "zero defect" start-ups.

WARRANTY

■ All Rampmaster Modular Refuelers are guaranteed for one year. Tanks are guaranteed against leaks for ten years (see warranty for specific details).
